### Two new playhouses receive ceremony

Wescom Credit Union and property management firm VPM Management hosted a ribbon-cutting ceremony for two new playhouses on the grounds of the Breezewood Community, an affordable housing complex in Riverside on April 11.

The event featured a barbecue lunch, provided by Wescom, and activities for the 300 kids who live in the 156-unit complex.

Wescom and Pomona Valley Habitat for Humanity built the wooden playhouses and donated them to Project Access, a Newport Beach-based nonprofit that assists low-income families and manages the Breezewood Family Resource Center.
