1,354

residents received a referral to an off-site service; **2,438** different referrals were made in total

MEET ELIZAMA & ERICELDA!
AGE 18

THE FIRST TO GO TO COLLEGE!

Since 2013, Project Access has had the privilege of working with Elizama and Ericelda, a pair of bright-eyed twins with big dreams. The sisters began attending the After School Program at the Hermosa Village Resource Center when they started high school, setting them on a path toward college. Driven and hardworking students, the twins were committed to continuing their education, but needed help putting it all together.

Project Access staff worked tirelessly with the twins to assemble and submit their college applications, reassuring them and supporting them throughout the entire process. Thanks to the twins' academic diligence – and the help of Project Access they have both been accepted to their top choice university in Northern California. Elizama and Ericelda now have a new dream—to be the first in their family to receive a college education as part of the graduating class of 2021!

Project Access' After School Programs provide a launchpad to success for young adults and teens by equipping them with the resources, support, and mentorship that unlocks their remarkable potential. The Hermosa Village Center was able to provide valuable services for Elizama and Ericelda throughout their time in high school before sending them off to Cal State Humboldt.

THANK YOU!

Project Access delivers resident services onsite at Family and Senior Resource centers located in housing communities. Providing services where people live enables Project Access staff to target the specific needs within the community and eliminates traditional barriers to services, such as transportation. The programs and services provided at the Resource Centers are critical for residents, allowing them to not only find and utilize available resources, but also access the support needed to become more self-sufficient. In 2016, Project Access served 61 communities in California, Arizona, Colorado, and Georgia. Thank you for choosing Project Access to provide services to your residents!
