

ABOUT US

Project Access gives low-income families the tools needed to break the cycle of poverty by becoming healthier, further educated, and financially stable. Our programs take place at Family and Senior Resource Centers located directly within our residents' housing communities. This unique model of service delivery allows Project Access to directly impact the lives of underserved families and build trust while also eliminating a significant service barrier—a lack of reliable transportation. In 2017, Project Access' programs served more than 15,000 distinct individuals.

Be part of an innovative way to make a significant impact on an LMI community's most pressing needs. With your annual support, we will be able to serve low-income individuals living in affordable housing complexes. By partnering with us, you can:

Build safer communities

Improve community's workforce quality

Meet the financial needs of the community by providing financial education workshops

Become engaged as a volunteer, mentor or board member

Your tax deductible annual sponsorship will support Project Access programs such as:

Health and Resource Fair for **250** low-income individuals*

After-School enrichment activities for **25** low-income youth*

Social and recreational activities for **30** low-income seniors*

** Programs, services and reach vary depending on the needs and size of each unique community*

CORPORATE ADOPT-A-CENTER PARTNERSHIP BENEFITS

- ◆ Listing in your adopted center's monthly newsletter/calendar (distributed door to door)
- ◆ Listing in Project Access' quarterly newsletter (distributed electronically to 5,000+ contacts)
- ◆ Your name/company name listed on a plaque displayed at the adopted resource center
