A COMMUNITY THAT FITS OUR NEEDS

The Sondreals toured several apartment communities to make sure they lived somewhere that would meet the needs of their growing family. When they visited Saratoga and learned about Project Access, they knew this would be a good fit for them.

With three kids, the Sondreals were impressed by all of the services and resources available to them onsite—particularly the After School Program. This feature was a huge selling point for them and a month after their tour, they moved in.

Since becoming a part of the community, they participate in almost all programs. Uprooting a family of five was not easy but they were grateful Project Access helped make the transition smooth.

OUR SHARED SUCCESSES

- **28,834** healthy snacks, breakfasts, and lunches were distributed to combat hunger

- **94%** of residents indicated that they felt safe in their community
- **97%** of residents said that we helped them form stronger relationships with their neighbors
- **3,270** residents built their social capital through their participation in engagement events
