Project Access wraps around the entire household by providing relevant programs and services for all ages that address Economic Stability, Education, Health & Wellness, and Community Building. We embed ourselves into the very fabric of the community and become a trusted presence within and amplify our impact through numerous partnerships, expanding on our direct services, and creating a village of support for each resident.

We operate more than 80 Resource Centers from “Coast to Coast” in 16 states with more growth on the horizon. Join us at Keys to Success as we come together to celebrate our impact across the country and continue to create opportunities that change lives.
