OUR APPROACH

Since 1999, Project Access has been operating Family & Senior Resource Centers on-site in affordable housing communities. At these Resource Centers, we provide access to tools, knowledge, and opportunities that cultivate strong communities, positive changes, and hopeful futures for our residents.

Project Access wraps around the entire household by providing relevant programs and services for all ages that address Economic Stability, Education, Health & Wellness, and Community Building. We embed ourselves into the very fabric of the community and become a trusted presence within and amplify our impact through numerous partnerships, expanding on our direct services, and creating a village of support for each resident.

We operate more than 90 Resource Centers in 16 states with more growth on the horizon. Join us at our inaugural Pickle Ball Tournament as we come together to celebrate our impact across the country and continue to create opportunities that change lives.

OUR IMPACT

20,545
lives impacted in 2021

151,888
meals & groceries distributed

93%
of residents say Project Access improved their current life situation

95%
of residents say they formed stronger relationships with their neighbors
